

Figure 9. Brazil: insurance and material losses

1996-2025 | broad accounting scenario

Premiums — automobiles Premiums — transport and cargo Losses — transport and cargo Losses — vehicles
Premiums — property Losses — property

A. Real values

B. Share of GDP

C. Share of total

Source: Authors' calculations using Susep, Brazilian Forum on Public Security, IBGE, and vehicle-value reference data. Values in December 2025 reals. The broad scenario combines premiums and estimated material losses and may contain overlap; it is not a net welfare-loss measure.
